Dan, do you have any changes to this draft? If not, Matt will add this to the record.

Yes, will do. I'm just getting back from vacation though. When do you need it?

Hi Wenona,

Happy new year! Not sure if you knew or not, but I've taken over the Bristol Bay Project Manager role from Erik Peterson (I'm still maintaining my work on WQS as well).

I've been working with Ashley to track down recent external meeting notes regarding Pebble Mine. I think you and Dan may have had a tribal consultation meeting sometime in late 2019? Any chance you could fill out the attached template so we have a record of that meeting? It's the team's policy to document external meetings, so I want to make sure we have this information for our records.

Please let me know if you can provide this to us and if there's any way I can help. Thanks!
